Channel Islands National Park

Five wild islands off Ventura and Santa Barbara where little island foxes trot through the campgrounds, island scrub-jays call from the oaks, and blue whales, humpbacks and huge dolphin pods feed in the channel on the crossing.

127 animals 22 mammals, 70 birds, 6 reptiles, 2 amphibians, 11 fish and 16 other sea life

Best time: Mar to Sept

BEST TIME

Mar to Sept

The park is open all year, but boats run on fewer days in winter and landings are cancelled in big swells.

A guide, not a guarantee: what you see depends on season, luck and patience. Give wildlife space and never feed it. Follow the local rules on distance.
