PALAWAN · PHILIPPINES

Palawan

The Philippines' long, wild western island: peacock-pheasants and hornbills in the forest around the Underground River, bearcats and stink badgers at night, cockatoos over the mangroves, and turtles, reef fish and dugongs among the limestone islands of El Nido and Coron.

133 animals 18 mammals, 81 birds, 11 reptiles, 18 fish, 4 other sea life and 1 butterfly
Best time: Dec to May

BEST TIME

Dec to May

A guide, not a guarantee: what you see depends on season, luck and patience. Give wildlife space and never feed it. Follow the local rules on distance.
