SOUTHERN YUNNAN · CHINA

Xishuangbanna

China's largest block of tropical rainforest, broken up by rubber and tea, where wild Asian elephants still roam and the forest holds broadbills, sunbirds, barbets and big swallowtail butterflies.

Wilder Xishuangbanna CHINA

138 animals 20 mammals, 85 birds, 10 reptiles, 5 amphibians and 18 butterflies **Best time:** Nov to Apr

BEST TIME

Nov to Apr

Xishuangbanna has a tropical monsoon climate with two clear seasons.

A guide, not a guarantee: what you see depends on season, luck and patience. Give wildlife space and never feed it. Follow the local rules on distance.
